K&H Custom Window Treatments has been beautifying the windows of homes for almost 30 years. Their story begins with hard work, perseverance and an amazing mom. Sandy Kuhns and her mother, Norma Heller, began their business with \$500 and a well-worn sewing machine. Today, the company remains a family business, run by President Sandy Kuhns and her brothers, Craig and Mark Heller.

K&H's talented window treatment designers create custom looks tailored to fit any home. Custom draperies and top treatments are available in a variety of styles, from elegantly simple to formal. Any type or style of fabric window treatments can be designed and made in the K&H workroom.

They also offer a wide selection of blinds, shades and shutters with many additional features, from light control and privacy to energy efficiency. Everything is professionally measured and custom ordered for each home or business.

K&H Custom Window Treatments will oversee any project from initial design to installation. Contact the Trexlertown showroom to see

how K&H Custom Window Treatments can assist any project. Take a guided tour through unique home décor, browse beautiful samples of K&H's work, peruse fabric books, blinds and shade samples and find answers to any question.
